

## ABOUT INSTRUCTANT

Established in 2019, InstructAnt was born out of a desire to develop a business with a heart to serve. To **instruct** is to 'furnish direction or impart knowledge,' and an **ant**, as in Proverbs 30:24, is small but wise. I am a public accountant (CPA), registered tax agent and licensed financial adviser with over 20 years of experience.

I am also a Defence Specialist, using 25 years of experience in the RAAF and Defence Industry to expertly navigate the suite of military and public service schemes, tailoring advice specially to both current and ex-service members. No matter your situation, I am confident I can assist you in any of your accounting or financial needs.

“

*Professional service with integrity. Andrew has been assisting me to manage my finances for many years. Every year we review, it is with the same diligence and preparation as the first time. His gentle patience to explain and answer questions is appreciated.*

- Joanne R
