

ABOUT INSTRUCTANT

Established in 2019, InstructAnt was born out of a desire to develop a business with a heart to serve. To **instruct** is to 'furnish direction or impart knowledge,' and an **ant**, as in Proverbs 30:24, is small but wise. I am a public accountant (CPA), registered tax agent and licensed financial adviser with over 20 years of experience.

I am also a **Defence Specialist**, using 25 years of experience in the RAAF and Defence Industry to expertly navigate the suite of military and public service schemes, tailoring advice specially to both current and ex-service members. No matter your situation, I am confident I can assist you in any of your accounting or financial needs.

“

Andrew's carefully tailored and timely advice has allowed me to achieve my goals and reach a level of financial security that I doubt I would have achieved before engaging him. His deep knowledge of both military and APS superannuation schemes has been a critical factor in this process. I have no hesitation in strongly recommending Andrew's services to anyone.

Rob B – RAAF
